

Call In Number: (b) (6)

Draft Agenda

1- Roll Call (3mins)

2- Round robin updates on AEs (10 mins)

3- HQ Update (10 mins)

- GWPC AE Workgroup (GWPC letter)
- Peter's memo and next steps
 - UIC Managers Meeting
 - Water Division Directors
 - AE Checklist

4- Outstanding AE issues – Which ones should be teed-up for discussions with the UIC managers (25 mins)

- a. Concept of the waste remaining in the proposed exempted area – states claim that ground water restoration is effective at uranium mining sites.
- b. Capture zone concept – How to make the demonstration of AE criteria?
- c. Public participation (When should EPA engage the public on non-substantial AEs? What should the regions be looking for on the states' public participation process?)
- d. Outreach and communication on approved AEs
- e. MOAs and AEs
- f. Triggers for HQ involvement on AEs
- g. AE is issued for a specific purpose and yet applies to all wells

5- Update on AE Data Initiative (10 mins)

- a. Frequent updates of the national tracking system (i.e.; reporting to HQ every 3 months... any other ideas...)?
- b. What issues are raised by AE mapping (See attached maps)

6- Next Steps (2 mins)
